

NEW AND FEATURED ITEMS: CARDIOVASCULAR SURGERY

**AFFORDABLE
INNOVATIONS**

In the past few years RUMEX has been gradually, but actively developing the manufacturing capabilities for the production of various, advanced reusable Titanium and Stainless Steel surgical instruments for Cardiovascular and Thoracic Surgery.

Now, we are happy to present a new comprehensive line of specialized, precision manufactured instruments, including:

- Double-Action instruments, for both traditional Open Heart surgery and Minimally-Invasive Cardiac Surgery, including new scissors
- Toledo - Precision manufactured instruments with a specially manufactured Toledo handle that greatly improve the ease of use and comfort of hand manipulations during a surgical procedure
- Titanium Vats-MICS Instruments
- I.M.A. Instruments
